Your Soul Number is EIGHT.

There is nothing small or modest about your ambitions and you have the drive to achieve the recognition and material success that you are aiming for. You dream of rising above the common crowd

to reach the pinnacle of success, becoming a person of influence, responsibility, and power. Strong-willed and determined, you will persevere and overcome all obstacles on the way to your desired goals. You are a natural executive, possessing organizational talents and the ability to manage large-scale operations in the commercial world. You enjoy the challenge of "playing in the big league".

Your emotions and personal life generally take a back seat to your striving for professional advancement and material goals.

You can be a strong power for good in the world if you do not fall into the trap of mere personal ambition and self-aggrandizement.

Your Personality Number is FIVE.

You are outgoing and expressive with an engaging, lively verbal style. Quick-witted and fluent, you can be a sparkling conversationalist or persuasive salesman. There is also a mischievous playfulness about you and you may be a terrible tease. You like to poke fun at more serious or pompous individuals.

You are quite magnetic and attractive to the opposite sex, and you need a lot of mental and emotional stimulation in order to be happy. It is good for you to have many friends and acquaintances of both sexes.

You are rarely still and you appear restless, as if you were itching to get up and go someplace. You quickly become impatient if your environment is not interesting and varied. You don't want to miss anything. You may seem fickle and undependable to others.

You appear youthful regardless of your age, and you like to be up to date. You pay attention to fashion trends and will experiment with the latest styles and fads. You enjoy dressing for dramatic effect and sometimes wear unusual, attention-getting combinations.

Your Destiny Number is FOUR.

You are a pragmatist and interested in concrete results -either producing something of practical use and value, or providing some tangible service. You tend to think in clear, simple, dollars-and-cents terms, disliking waste, sloppiness, and inefficiency. You are also a doer, a solid, dependable, diligent worker with a methodical, systematic, logical approach to problems. You lay a firm foundation with thorough and careful preparation and planning, then follow through with steady, determined effort. You are inflexible once you've made up your mind and set your course. A rock of strength for others to learn on, you take your duties seriously and will stoically shoulder financial or material burdens for your family's sake. You focus on the basics, the bread-and-butter issues, and may ignore other, subtler needs.

You are capable in all of the practical affairs of life, dealing with money and materials, or with tools and machinery.

Your path in life entails establishing order, security, and a stable base for yourself and others.

Your Career Number is ONE.

You are suited for activities calling for creativity, originality, inventiveness, courage, and

initiative. You are a pioneer and explorer. Avoid partnerships - you are a dominant individual who needs to be in charge.

Careers and Vocations: Leader, executive, director, manager, foreman, head of a department, owner of your own business, inventor, originator and promoter of new methods or products, free-lancer, contractor, independent operator, self-made man or woman.

Your Missing Number(s) are:

TWO: You are frequently inconsiderate of others and lack the ability to truly cooperate, compromise, and appreciate the other person's point of view. You need to develop a sensitive awareness of others' needs and concerns. You give only what you want to give and relate only on your own terms. Try to be more flexible.

SIX: You lack domesticity and are disinclined to take on the responsibilities of a home and family. The desire to devote yourself to the care and well-being of others is not strong in you. You may neglect the needs of your family and feel minimal interest in the welfare of those in your community. Try to develop more loving concern for others, and realize that the personal touch and caring is more valuable than any strictly material gift you could give.

SEVEN: You are disinclined to probe deeply beneath the superficial appearances of things to discover the hidden aspects, the underlying reasons and causes, the deeper meanings. As long as everything seems to be fine on the surface, you look no further. You may distrust introspection and the intuitive, non-rational, or mystical approach to life, and are often out of touch with your own inner feelings and deeper needs. You also may lack a real, personal, sustaining religious or spiritual faith.

Your First Vowel is A.

Your instinctive response to any situation is ACTION. You are decisive and bold, and you meet life head on. You think for yourself, you know what you want and you go after it directly. Impulsive and headstrong, it will take you many years before you learn to look before you leap. You have a sense of adventure and a willingness to try a new path.

It is difficult for you to be still, to wait, or to allow situations to resolve themselves in their own time. You always want to DO something, get everything up front, resolve the problem. It is hard for you to live with ambivalence and uncertainty.

You cannot be deceptive or hide your true thoughts and intentions very easily. You are generally unafraid of what other people think of you. You dare to be yourself. Often, in fact, you appear oblivious to the impact your actions have on other people, and you may seem arrogant.

Your First Initial is S.

You are emotionally intense, often irrational and passionately driven to achieve your heart's desires. You are not averse to secretive or even devious methods when you cannot get what you want directly. Willful and stubbornly determined, you are able to persist and endure, overcoming obstacles and winning success after many twists and turns on your path.

You go to extremes in matters of the heart or pocketbook, and you can be a fanatic regarding your personal beliefs and philosophy of life. No one tells you what to do!
